Total Hours to complete the degree program = 135

*Student may take Chemistry 1210 or 1250 to meet chemistry requirement

ECE 3010, 3020, 3030, 3040, and 3050 may be swapped between semesters in year three to facilitate taking later technical electives in the student's domains of interest, as prerequisites permit.

Acceptance Criteria

Acceptance into this program is based on a holistic review of the student's record including an essay. Admission to major is considered only after a student has taken at least 12 credit hours of letter grade in their undergraduate career at OSU and have completed the following courses: MATH 1151, 1172; ENGR 1181, 1182; PHYSICS 1250, (or their equivalents).

Applications are accepted Autumn and Spring semester ONLY. Students must complete the online ECE Major Application the semester in which the student is completing their pre-major requirements (i.e. the semester before the students wants to enter the major). For more information please visit our website (<https://ece.osu.edu/current-students/application-ece-major>) or see an Academic Advisor in the Department of Electrical and Computer Engineering.

Technical and Directed Electives (27 hours)

At least 16 hours of the Electives must be ECE Technical Electives.

- Must take a concentration of 6 hours in one of the domains below.
- Must take at least 3 hours in each of two other domains below.
- Must include at least one 5000 level ECE Technical Elective.
- At least one ECE Technical Elective course must be a lab. (Courses with a lab component are underlined in the domain lists.)

Communication and Signal Processing Domain: ECE 5300 or 5307, 5000, 5007, 5101, 5200, 5206, 5207, 5400
