SYLLABUS: ECE 5078: Empowering the Entrepreneurial Engineer

Semester: Spring 2022

Course Instructor: 
Prof. Sanjay Krishna, 377 Caldwell Lab krishna.53@osu.edu

Lecture Times: MWF, 3:00-3:55PM, Enarson 014

Office Hours: Wednesdays 4-5PM, Caldwell 377

Teaching Assistant: 
Maya Tamaskar (tamaskar.6@buckeyemail.osu.edu)

Course Description:
This course will teach entrepreneurial minded engineers the process of value creation of electrical and computer engineering products to serve a market. Topics covered will include:

- Self-assessment (as an entrepreneur and innovator)
- Analysis and validation of new venture opportunities
- Creation, management, protection and evaluation of intellectual property
- New venture planning and project management
- Leadership and team building
- Venture financing and allocation of resources
- Effective oral presentations and written communication

This class will emphasize the importance of the market and need, customer validation, teamwork, funding and technology. Guest lecturers will be invited to present their perspectives. This will be a highly interactive class and will require significant amount of individual and team activities involving preparation and participation. The course will end with a “shark-tank style” team presentation to a mock venture capitalist panel.

Units: 3 credit hours.

Class size cap: 20 students (additional students allowed per instructor approval)

Prerequisite: At least one of these classes: ECE 3010, ECE 3020, ECE 3030, ECE 3040 or ECE 3050 or graduate standing in ECE or related disciplines

Course Delivery:

Mode of delivery: This course is intended to be in-person and will be delivered synchronously. The lectures will take place on Mondays, Wednesdays, and Fridays from 3:00 pm to 3:55 pm. It is recommended that you attend the lectures for this course during the scheduled class time.
However, the university is closely monitoring the COVID situations and the use of hybrid/remote options may be warranted to keep the students, faculty and staff safe. In case, we have to go hybrid, we will use this link and deliver the lecture synchronously. Please be prepared to attend the lectures with your video camera on to enable efficient class participation.

Password: 3MaJyr

**Pace of online activities:** This course is divided into modules and lecture slides will be posted on Carmen prior to the lectures. Lecture videos will be posted on Carmen after the class lecture. Students are expected to keep pace with weekly deadlines but may schedule their efforts freely within that time frame.

**Credit hours and work expectations:** This is a 3-credit-hour course. According to Ohio State policy (go.osu.edu/credit hours), students should expect around 3 hours per week of time spent on direct instruction (instructor content and Carmen activities, for example) in addition to 6 hours of homework (reading and assignment preparation, for example) to receive a grade of (C) average.

**Attendance and participation requirements:** Your attendance is recommended for the lectures and you are expected to participate in activities during class. The following is a summary of students’ expected participation:

- Participating in lectures for attendance: **HIGHLY RECOMMENDED**
  - You are expected to login to the course on Carmen every week, however most weeks you will probably login many times.
  - **If you have a situation that might cause you to miss an entire week of class, discuss it with me as soon as possible.**
- Office hours: **OPTIONAL**
  - All office hours are optional, however engaging with the instructor and teaching assistant will help you to be successful in this course and with your overall learning experience.
- Participating in discussion forums: **2+ TIMES PER WEEK**
  - This class features a substantial amount of class discussion, including discussion board posts.

**Course Technology:**

CarmenCanvas will be used as the learning management system (LMS). All information related to the course including syllabus, learning modules, announcements, quizzes, discussions, grades, etc., will be on CarmenCanvas.

**Technology skills needed for this course**

- Basic computer and web-browsing skills
- Navigating Carmen (go.osu.edu/canvasstudent)
Required equipment
- Computer: current Mac (MacOs) or PC (Windows 10) with high-speed internet connection
- Webcam: built-in or external webcam, fully installed and tested
- Microphone: built-in laptop/ tablet mic or external microphone
- Other: a mobile device (smartphone or tablet) to use for BuckeyePass authentication

Required software
- Microsoft Office 365: All Ohio State students are now eligible for free Microsoft Office 365. Full instructions for downloading and installation can be found at go.osu.edu/office365help.

Carmen access
You will need to use BuckeyePass (buckeyepass.osu.edu) multi-factor authentication to access your courses in Carmen. To ensure that you are able to connect to Carmen at all times, it is recommended that you take the following steps:
- Register multiple devices in case something happens to your primary device. Visit the BuckeyePass - Adding a Device help article for step-by-step instructions (go.osu.edu/add-device).
- Request passcodes to keep as a backup authentication option. When you see the Duo login screen on your computer, click Enter a Passcode and then click the Text me new codes button that appears. This will text you ten passcodes good for 365 days that can each be used once.
- Download the Duo Mobile application (go.osu.edu/install-duo) to all of your registered devices for the ability to generate one-time codes in the event that you lose cell, data, or Wi-Fi service.

Technology support
For help with your password, university email, Carmen, or any other technology issues, questions, or requests, contact the Ohio State IT Service Desk. Standard support hours are available at ocio.osu.edu/help/hours, and support for urgent issues is available 24/7.
- Self-Service and Chat support: ocio.osu.edu/help Phone: 614-688-4357(HELP)
- Email: servicedesk@osu.edu TDD: 614-688-8743 If none of these options will meet the needs of your situation, you can contact the IT Service Desk at 614-688-4357(HELP) and IT support staff will work out a solution with you.

Course Objective
Address skill gaps of students at the intersection of engineering, business, social and legal disciplines and their connections.
## Course Goals and Learning Outcomes

<table>
<thead>
<tr>
<th>Course Goals</th>
<th>Learning Outcomes</th>
</tr>
</thead>
</table>
| **Goal A:** Students will be able to organize, articulate and communicate their ideas, opportunities and plans | 1. Students will be able to summarize their key or central idea and opportunity by clearly expressing their thoughts in verbal and written communication  
2. Students will be able to tell a story for a successful outcome defined by their shareholders  
3. Students will be able to evaluate the potential of an idea or opportunity presented to them |
| **Goal B:** Students will be able to understand, evaluate and create a business model and the basic financial constructs of a new venture firm | 1. Students will be able to create a business model for a new venture firm  
2. Students will be able to assess the financial status of a new venture firm  
3. Students will be able to evaluate various sources of capital |
| **Goal C:** Students will be able to understand engineering principles that form the basis of a new product or service | 1. Students will be able to create a realistic project management plan  
2. Students will be able to weigh make-buy decisions considering the financial, social and environmental impact of their decisions  
3. Students will be able to document the uses of resources and identify tasks, milestones and deliverables for evaluating the progress of the project |
| **Goal D:** Students will be able to understand the organizational structure and legal protection for a new venture firm | 1. Students will learn the various legal structures of new venture firms  
2. Students will create and evaluate different forms of intellectual property protection  
3. Students will differentiate between various types of patents and claims |
| **Goal E:** Students will develop interpersonal skills to work together in a team while respecting and caring for diversity of thoughts, abilities, culture, gender, race, class etc | 1. Students will be able to assess their own entrepreneurial abilities and risk tolerance and identify their strengths and weaknesses  
2. Students will present their work to their peers and develop public speaking skills  
3. Students will appreciate the importance of working together as a team and acquire interpersonal skills to handle difficult situations |

### Textbook
- Class Notes, Handouts and Discussion
The textbook and/or courseware for this course is being provided via CarmenBooks. Through CarmenBooks, students obtain publisher materials electronically through CarmenCanvas, saving them up to 80% per title. The fee for this material is included as part of tuition and is listed as CarmenBooks fee on your Statement of Account. In addition to cost-savings, materials provided through CarmenBooks are available immediately on or before the first day of class. There is no need to wait for financial aid or scholarship money to purchase your textbook. Unless you choose to opt-out of the program, you do NOT need to purchase any materials for this course at the bookstore. For more information on the program or information on how to opt out, please visit the CarmenBooks website. (https://affordablelearning.osu.edu/carmenbooks/students)

Course Content

Module 1: What qualities make me an Entrepreneur?

Self-Assessment

Topics: Chapter 1: The technology entrepreneur. Characteristics of a technology entrepreneur. Personal assessment of your personality, experiences, desires, strengths, weaknesses, etc. that will influence whether or not you will be a successful entrepreneur. Several factors include: genetics, family, culture, values, personality type, goals and motives. All of these factors listed above, combined with your sense of passion, mission and purpose, will drive your decisions.

Assessment: A short personal essay evaluating your strengths and weaknesses. This analysis should include a description of the type of team you will need to bring together in order to launch a successful venture and your evaluation of your ‘risk profile’. Single slide presentation of “You: The Product”. The presentation/personal essay will be shared with the class and used to select your teammates.

Module 2: What will the engineer do? Product Development/Project Management

Topics: Chapter 2, 8, 13, and 14: Opportunity and Concept; Critical elements of organization, core competency, allocation of resource, program and project management partnerships to evaluate make-buy; Discussion of various ideas and evaluation in terms of market potential, impact, feasibility, risk, etc. Many of these ideas will arise from your daily encounters or casual conversations, so keep your eyes and ears open to opportunities that might represent potential entrepreneurial ventures.

Assessment: Customer Discovery Report/Team Contract

Module 3: Where will I find the money? Financial Plan and Sources of Capital

Topics: Chapter 16, 17 and 18: Sources of capital, financial planning, profit and loss statements, balance sheet, bill of materials, preferred and common stock, negotiating with a financer

Assessment: Homework/Assignment

Module 4: Why do I need a lawyer? Legal Constructs and Intellectual Property

Topics: Chapters 10 and 11: Types of ventures, Intellectual property: patents, trade-secrets and technical know-how. Invention disclosures, provisional patents, utility
 patents, definition of inventor, claims and different types of claims. International protection versus domestic protection.

- **Assessment:** Homework/Assignment
- **Resource:** Guest lecture from TCO/patent attorney

**Module 5: What will my CEO do?**

**Business Model and Strategy (3 Weeks)**

- **Topics:** Chapter 3-7, 19-20: Understanding market/need and development of business model, competitive strategies and advantage, innovation strategies, equity sharing, develop basics of a business plan, deal presentation and negotiations, leading ventures to success
- **Assessment:** Presentation/Narrative

**Module 6: How has my perspective changed?**

**Me 2.0 !**

- **Topics:** Personal assessment of your personality, experiences, desires, strengths, weaknesses, etc. and your views on entrepreneurship. What aspects about you have changed during this course?
- **Assessment:** Review the short personal essay that you wrote at the beginning of the course evaluating your strengths and weaknesses and rewrite it with the new you!

**Course Grading:**

- Personal Assessment Essays: 10%
- Individual Presentation: 10%
- Homework and Assignments: 15%
- Team Contract: 5%
- Customer Discovery Report: 10%
- Interim Slide Deck/Written Narrative: 10%
- Final Presentation: 20%
- Final Written Narrative: 20%

**Extra Credit:**

Extra credit is not required and must be earned. You can submit up to 5 executive summary one-page papers, each worth up to 2% of the overall grade based on quality. The executive summary should personalize your assessment and evaluation of (a) one of the books on the recommended reading list or (b) a live public speaking event or webinar by an entrepreneur that you attended during the course this semester.

**Team Work**

This course lays emphasis on team work. *Each team will consist of a minimum of 2 and maximum of 3.* You are free to choose your team mates. However, do not fall into the trap of choosing your friends. This is an opportunity for you to find a team mate who has complimentary skills, expertise, abilities etc and make a new set of friends.
Policy on Late Homeworks: Homework is to be turned in at the beginning of class on the due date. No late work will be accepted without prior arrangement. Late work (with arrangements) will be docked 10% per day.

Working together: Students are encouraged to work together on homeworks but each student should hand in his or her individual solution.

Reaching me: You may reach me during office hours, or make an appointment by email if you cannot make my office hours.

Disabilities Statement
Any student who feels s/he may need an accommodation based on the impact of a disability should contact the instructor privately to discuss specific needs. Please contact the OSU Office for Disability Services for assistance in verifying the need for accommodations and developing accommodation strategies.

Academic Misconduct Statement
Any student found to have engaged in academic misconduct, as set forth in the Code of Student Conduct Section 3335-23-04, Prohibited Conduct, will be subject to disciplinary action by the university. Academic misconduct is any activity that tends to compromise the academic integrity of the university, or subvert the educational process.

Student Conduct
Students are expected to abide by the provisions in the Code of Student Conduct. The University’s Code of Student Conduct and Sexual Harassment Policy are available on the OSU Web page.
