

# ECE Weekly

The Ohio State University Department of Electrical and Computer Engineering

Ed..2.25.16

## SPIE press release on Li Fellowship

This past December, ECE professor **Guoqiang Li** was elected among the newest SPIE Fellows. SPIE just released its full press release on his acceptance, full of many nice words about Li's accomplishments in the areas of design, fabrication and integration of optical and electro-optic devices over the years. Link to the release: <http://go.osu.edu/Li-release>

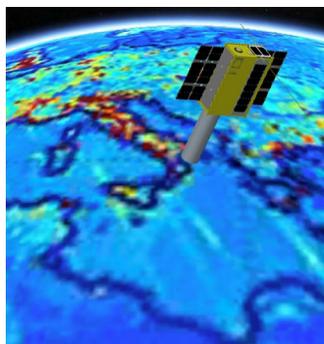

## Welcome, Rongjun Qin

As part of the Discovery Themes initiative at Ohio State, the Department of Electrical and Computer Engineering and the Department of Civil, Environmental and Geodetic Engineering welcomed their newest joint faculty member this month: **Dr. Rongjun Qin**. Learn more about his research interests and history at the link: <http://go.osu.edu/DT-Qin>

## Approved for launch: CubeRRT

NASA announced this week an Ohio State University-led satellite project is among those approved for space launch in 2018. ECE Chair and Professor, **Joel Johnson**, leads the development of NASA's CubeSat Radiometer Radio Frequency Interference Technology Validation (**CubeRRT**) project for climate science. Learn more about the project at: <http://go.osu.edu/CubeRRT-launch>

## Grant writing video information online

The **IEEE Graduate Student Body** of Ohio State hosted a Grant Writing

Presentation for graduate students and postdocs aspiring to become researchers and faculty members. Watch the Youtube clip of the video stream here: <http://go.osu.edu/grant-ieee>
