soliton

SolitonReach debuts

Remember the tech media buzz that came from the launch of ECE's Nikola Labs Harvest cell phone case this summer? Well, a collaboration between ECE's **Dr. Furrukh Khan** and recent MS grads **Jessie Zhao** and **Anil Ozyalcin** culminates with the debut of their SolitonReach mobile motion-tracking device at the Disrupt TechCrunch in San Fran over Sept. 21-23. Full story below:

Smart Award

ECE professor emeritus **Umit Ozguner**, along with co-researchers **Billin Aksun-Guvenc** and **Keith Redmill** received an award from the National Science Foundation for their work in autonomous transportation.

Find my article here:

Engineering career expos...

Click below to find pics at the 2015 Engineering Expo:

<http://go.osu.edu/expo-tweet>

Find my video of the event here:

<http://go.osu.edu/eng-expo>

Another successful Career and Intern Fair took place too:

<http://go.osu.edu/cif-ece>

ECE in the arts...

One of my favorite topics: Mixing art and science. Saw this nice story in **The Lantern** about ECE student **Christian Cantrell's** work in holographic art and the class inspiring him offered by Ohio State physics prof. **Harris Kagan**. I'm hoping to create a video on this topic soon as well. Full story here: <http://go.osu.edu/ece-art>

The Lantern also featured '15 EE alumnus **Kyle Edwards** for his guitar work in the Columbus band Cordial Sins. Find the story here: <http://go.osu.edu/cordial>

BITS & SPARKS

Alumni Magazine
Department of Electrical and Computer Engineering

Bits & Sparks edition mailed

Have you seen the newest issue of ECE's annual **Bits & Sparks** alumni magazine? It was mailed out to over 9,000 ECE alumni across the nation. You can find the full edition in high resolution pdf form at this link:

<http://go.osu.edu/bas-2015>

MEETUP

Nanotech West Lab, Oct. 1, 6-8 p.m.

Join us for the next Meetup tech social event series at Ohio State's Nanotech West Lab (1381 Kinnear Road, Columbus, OH 43210). Tour and learn about its role in the industries of electronics, optics, advanced materials, energy, biology and medicine. Light food served. The lab supports numerous projects for ECE as well. RSVP here: <http://go.osu.edu/nano>

Alumni Spotlight: Gene Sapp

After reading the Sept. 14 edition of **ECE Weekly**, alumnus Gene Sapp was pleased to see mention of another ECE alumnus, **George Baughman**. Read Sapp's comments about his memories of Baughman as a person and engineer... <http://go.osu.edu/sapp1>
