August 1, 2011

Michael S. Swartz is currently the President and CEO of Lake Shore Cryotronics, Inc., a position he assumed in 2003. He holds a Bachelor of Science Degree in Electrical Engineering from The Ohio State University, (1984) and an MBA from The Ohio State University Fisher School of Business (1989). Mr. Swartz joined Lake Shore Cryotronics, Inc. in 1986 as an Engineer, followed by holding management positions in Manufacturing, Product Development, Sales and Marketing. In 1985 and 1986 Mr. Swartz worked as an engineer at Mound Labs in Miamisburg, Ohio.

Mr. Swartz served as President of the School Advisory Board at St. Paul School in Westerville from 2003 to 2007. Michael is a current member and also a founding member of the Westerville Sunrise Rotary Club which was established in 1994.

In February, 2011 Michael was appointed and continues to serve in a position on the “President’s Export Council Subcommittee on Export Administration” (PECSEA).

Founded in 1968, Lake Shore manufactures a broad range of sensors and instruments for both measuring and controlling cryogenic temperatures and magnet fields, as well as metrology systems for characterizing novel material properties. Markets served include academia, government labs, research institutes, aerospace contractors and industry.

Lake Shore Cryotronics’ annual sales range from $20-$30 million with approximately 60% being export sales.
